FRONT DEMOKRASI INDONESIA *di luar negeri*

PRESS RELEASE

We Can't Let Xanana and Other East Timorese Make this Fight Alone !

We, the undersigned, consider the occupation of East Timor by the Indonesian government as illegal. The international community already condemn the invasion on East Timor by the Indonesian [illegible], and United Nations has adopted resolutions regarding East Timor. The present of Indonesia [illegible] Timor is indeed a criminal deed since Indonesia dominates the East Timor through the law of [illegible] violance, persecution, prison, torture and murder. We therefore share the wishes and recalls of Xanana Gusmao, the imprisoned resistance leader, as stated in his mostly unread plea, that the question of East Timor is the responsibility of the international community. It is a question of international law. Besides the Indonesian government who committs crimes in the past 17 years in East Timor, Xanana demands also other western governments like US, western Europe and Australia, to be brought before the international court.

In that light, we, the undersigned, demand strongly Indonesian government to respect the international law by releasing Xanana Gusmao and all other East Timorese politic prisoners immediately; and by withdawing her military and administration from the occupied territory East Timor so that the people of East Timor can get their country back.

We, the undersigned, appeal solemnly to United Nations, European Parliament, and other international organisations to condemn the Indonesian government concerning the trial and sentencing of all East Timorese prisoners, in particular the trial and sentance of Xanana Gusmao; and to be consistence with all resolutions they have adopted regarding the Indonesian occupation in East Timor.

We, the undersigned, appeal solemnly to all european governments, Australia, Japan, and US administration to punish Indonesian government by abolishing all fo of military and economic relations, development aid, and weapon export.
